

Training Fund Book Policy

Happy New Year to All:

It is once again that time of year to begin the Spring classes and training. During the course of last semester, we were asked why books were needed to be purchased for classes if they were already owned or obtained through other sources.

In an effort to have class consistency and assure that the correct book editions, and training materials were in place, it was required that all students purchase the materials.

Many of you have expressed your concerns, and we have heard you. After much thought and deliberation, it has been decided to alter the book policy to help defer any unnecessary costs or require you to purchase duplicate material.

When now registering for classes, you will see on the class flyer the current book edition and/or current workbook edition that will be required for your class, if you already have the current edition, there will be no need to purchase an additional book/ workbook. (You WILL be required to have the current book and current workbook upon the first day of class.)

WHEN REGISTERING FOR CLASSES PER THE CLASS REGISTRATION GUIDELINES, YOU MUST DESIGNATE IF YOU NEED A BOOK/WORKBOOK OR NOT.

We hope that this change will simplify the registration process, and enhance your educational experience at Local 95.

Should you have any other comments, suggestions or concerns, please do not hesitate to contact me. 4121-422-4702 X 107

Thank you for your time,

Carl Luisi
